

most.

inspire. create. collaborate.

what we do.

We focus on the here and now, but we are also very proud of our extensive experience which takes us back a whole generation. We have built up valuable skills, strong networks within the design and build communities and safely guarantee we will guide you and your project to where you want to be.

We look to the future too, your future. Our designs, be they for commercial and agile workplaces or your cherished home, will always give you room to grow and evolve. Not only do we shape spaces, we flexibly helping you change shape.

From concept to completion we are with you, on site, on call, on hand to keep you updated. We'll guide you on every aspect of your project, from fabric sampling and seamless inclusion of branding into interiors, to health and safety compliance and ergonomically friendly furniture to keep your workforce healthy and happy.

From your initial enquiry:

- Consultation meeting
- Our analysis of your requirements
- Pre-work quotation and initial design proposal

On approval of initial proposal:

- Furniture and layout discussion
- Presentation of mood boards
- 2D/3D visualisations of your space
- Evaluation of fit-out plan, timeframes and contracts
- Final revised project proposal and plan of action

Project development:

- Regular on-site evaluation visits
- Dedicated project management from start to finish
- Regular updates on and off-site
- Progress meetings and feedback

“most. interiors have been an absolute delight to work with, from inception to completion, on our project.

The timescale was exceptionally tight but they delivered, ahead of time, on budget, with all expectations exceeded.”

Managing Partner, Fisher Jones Greenwood LLP

We have successfully completed a variety of works. Refurbishment developments and expansion-proof agile working spaces, to quick turnaround dilapidation projects. Our clients range from schools to solicitor's firms, business owners to home-owners. We work on commercial and residential refurbishment, agile working environments, office fit-outs, conversions and heritage projects. The question is, how would you like us to help you?

We focus on your needs and open your eyes to new possibilities in design. We believe in comfort and beauty combined, priding ourselves in our ability to tailor the best solution to your need. We get a kick out of creating flexible environments that work and ultimately, shaping spaces that make you happy.

commercial fit out, agile working
and residential refurbishment.

William Samways, Projects Consultant

With over 15 years of experience managing developments across the country, your project is in safe hands with William at the helm. As an operations expert, he plans to perfection and combines regular site visits with clear communication and a can-do attitude. Attention to detail is William's forte and he goes above and beyond to deliver great results. Our clients cite William's dedication as one of the key reasons they recommend us to their friends.

Billy Napthine, Projects Consultant

With extensive experience in sales management and business, Billy combines creative thinking with practical solutions to get great results. As your trusted advisor, he brings a wealth of knowledge to the table, always thinking outside the box. Working flexibly with your needs at the top of his mind, Billy tailors packages that are perfect.

we will guide you through
a personal approach to your
desired results.

**Rob Heard,
Business Development Manager
& Project Coordinator**

An experienced project manager of large-scale developments and prior to this, a skilled carpenter/joiner specialising in period property conversions, it's safe to say that Rob's industry knowledge is extensive. He is dedicated to relationship building, guiding you smoothly through your project and ultimately, making sure you're happy with our work.

**Lottie West,
Office Manager**

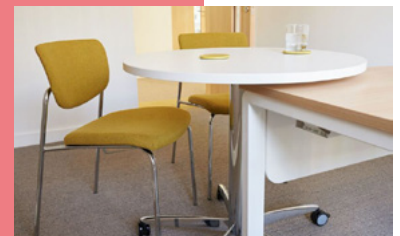

As your key point of contact in house, Lottie will happily handle your queries with care. With a keen creative eye, can-do attitude and immaculate attention to detail, she assists on interior design, research, administration and the co-ordination of our sales and operations teams. Her considered approach will keep you in the loop and your project progressing in full flow.

**Phil Gregory,
Pre-Con Estimator & Visualiser**

With a strong track record within office fit-out, Phil is our first port of call for construction planning. His commercial and residential refurbishment design skills are second to none and his enviable visualisation and design ability ensures his projects stand out each and every time. Add to that his quick-witted humour, dedication and enthusiasm, and you can see why we love having him as part of the team.

**Laura Heard,
Marketing & Design Manager**

With a background in marketing and graphic design, Laura is here to make sure our lines of communication are open and our outgoing collateral is beautifully on brand. A dedicated and creative quick-thinker, Laura doesn't stop until the design is just right. She is a lover of balance, white space and of course, the most branded colours!

experts in commercial and residential refurbishment.

say hello.
